Summary		
Project /Proyecto:	A North American approach to preventing introduction, establishment and spread of Khapra beetle (<i>Trogoderma granarium</i>) in various pathways.	
Item 1:	Discussion of comments provided by EG members from Mexico to the khapra beetle DD.	
Consensus:	<p>Comments provided by the US and Canada were previously addressed and a new version of the DD was produced. The DD was shared with the EG members from MX to add their comments. In this conference call, the EG addressed the comments provided by Mexico and discussed the next steps for the DD.</p> <p>At the end of the call, most comments provided by Mexico were discussed. The EG members agreed to schedule another conference call in mid-February to finalize the discussions and produce the final version of the DD. The NAPPO TD discussed with the group what the next steps are including:</p> <ul style="list-style-type: none">• Finalize the DD• Send the document for editorial review• Make sure the EG Industry members review the DD before it is submitted for approval and signing by the NAPPO EC.
