Summary		
Project:	Revision/update of NAPPO Document 05 - <i>Management of Huanglongbing and its vector, the Asian Citrus Psyllid, Diaphorina citri.</i>	
General comments:	Welcome remarks by NAPPO TD. The agenda was approved as presented.	
Item 1:	Updates on platforms to review NAPPO DD05	
Consensus:	<p>The TD:</p> <ul style="list-style-type: none"> • Informed the EG about the new structure of the EG MS Teams channel which includes one folder for the documents in Spanish and another for the documents in English. • Indicated that a copy of the latest version of the updated DD05, including the updates provided by the US and Mexico was placed in the corresponding folder for the EG to provide additional feedback and information. • Encouraged members of the EG to provide feedback on the documents placed in the EG MS Teams channel in track change mode. 	
Item 2:	Discussions and feedback on the revised DD05	
Consensus:	<p>The chairperson and TD requested the EG to assess whether the updated document fully addresses the points outlined in the project proposal task list including updates on:</p> <ul style="list-style-type: none"> ○ California activities. ○ Outreach, coordination, visual surveys for Asian citrus psyllid (ACP). ○ Biocontrol ○ Quarantine for ACP ○ Nursery regulations 	

	<ul style="list-style-type: none"> ○ Updated references <p>The chairperson also asked the EG if additional information is needed to consider the document ready to prepare for country consultation.</p> <p>EG members agreed that the information provided in the updated version of DD05 is very complete but requested additional time for a final review. The EG agreed to provide the final updates before the document is prepared for country consultation within 10 days and to schedule another video conference in 3 weeks. This will allow the Secretariat time to translate and share the Spanish and English version of the document.</p> <p>EG members also agreed that this document should be reviewed every 3 years. The review process should focus on the most important sections of the document including detection, survey, and management.</p>
Item 3:	Next steps
Consensus:	<p>The TD provided an outline of the next steps as follows:</p> <ul style="list-style-type: none"> • The EG will provide the final updates to the document before the next EG meeting. • The NAPPO Secretariat will update the document, translate, and share copies in Spanish and English with the EG. • The updated version of the document will be approved for country consultation in the next EG meeting. • The NAPPO Secretariat will format and provide a final editorial review of the document. • The updated NAPPO DD05 will be sent for a 60-day country consultation period. • The chairperson and AMC members will compile all comments received during the country consultation period and send the documents with comments to the NAPPO Secretariat. • The Secretariat translates and compiles all comments in two documents (one in English and one in Spanish) and shares them with the EG. • The Secretariat schedules a new meeting with the EG to address the country consultation comments. • The Secretariat will generate the final version of the updated DD05 for the NAPPO Executive Committee's approval when the EG addresses all country consultation comments. • Approved document is uploaded to the NAPPO website, and the EG is disbanded. This will officially conclude the EG work.
