

# Implementation Plan for NAPPO Standards

## 1. Name of Standard

RSPM 40: *Principles of Pest Risk Management for the Import of Commodities*

## 2. Country Reporting

Canada

## 3. Relevant Authority

3.1 Current Authority  
*Plant Protection Act*

3.2 Revisions to Authority  
None required

## 4. Obtaining Authority to Adopt the Standard

No changes or authorities needed

## 5. Implementation of Standard

As no changes are needed to existing import policies, the standard shall be used as a guideline when developing additional policies, or making changes to existing ones.
