NAPPO Conference Call/Meeting Report

Expert Group:	Phytosanitary Alert System (PAS)	
Location	Conference Call	
Date	23 January 2014	
Chairperson	Cynthia Landry	
Participants		
Ian McDonell (NAPPO)	Rebecca Lee (NAPPO)	Ignacio Baez (USDA)
Steve Cote (CFIA)	Abdullahi Ameen (CFIA)	Ana Lilia Montealegre (SAGARPA)
Sigrun Gulden (CFIA)		
Summary		
Project 1:	Manage the NAPPO pest reporting system and work towards eliminating any duplication in reporting to the IPPC	
Consensus	<p>Canada, the US, and Mexico all confirmed that they have been posting the relevant OPRs on both sites. Canada has been posting each OPR on the IPP, linking back to the PAS. The US has been posting most OPRs on the IPP, linking back to the PAS. There have been no necessary notifications for a while from Mexico, but they are not having any issues with either system. Ana Lilia serves as the IPP editor for Mexico.</p> <p>PAS in relation to the IPP: Continue to consider options to reduce duplication of efforts between posting on the PAS and the IPP.</p>	
Other subjects	EPPO-IPP update	
Consensus	In 2 weeks, NAPPO and EPPO will be meeting in Montreal, Canada. Pest reporting efforts for the IPP will be on the agenda. One of the objectives is to learn how EPPO is reporting to IPPC without duplication. Consideration will be made regarding the potential for NAPPO to use a similar strategy in order to reduce duplication of efforts.
