Summary

Project 1	Develop a NAPPO discussion document in preparation for the IPPC Expert Working Group (EWG) tasked with the development of an ISPM on International Movement of Grain
Consensus	The EG reviewed the references currently added to the list of tasks set out in the specifications and agreed that more were needed to adequately cover all tasks. Some information may become available from the results of the ICGT survey which are expected in about 10 days. The EG agreed to March 15 as deadline to include references and to divide the document preparation up among all EG members.

Next Steps

Responsible Person	Action	Date
Gary Martin	Include relevant information from ICGT survey in the NAPPO EG table	March 15
All	Include additional references to cover all tasks outlined in the table – note: references may apply to more than one task	March 15
All	Indicate in the table which tasks they can take on to start the preparation of the draft document	March 15
NAPPO	Explore mechanism to share the document.	ASAP
NAPPO	Translate and share the table	March 31
