NAPPO Conference Call/Meeting Report

Expert Group:	Forestry-Systems Approach	
Location:	Conference Call	
Date:	November 29, 2016	
Chairperson:	Eric Allen (CFS/NRCAN)	
Participants:		
Steve Côté (CFIA)	Faith Campbell (CISP)	Paul Chaloux (APHIS PPQ)
Megan Noseworthy (NRCAN)	Gustavo Gonzalez (SEMARNAT)	Nedelka Marin-Martinez (NAPPO)
Nancy Furness (CFIA)	Chuck Dentelbeck (Industry Canada)	Alonso Suazo (NAPPO)
Dominique Pelletier (CFIA)	Scott Myers (APHIS PPQ)	

Summary

Project:	Develop a standard on the potential use of systems approaches to manage pest risks associated with the movement of wood
General comments:	<p>EG members reviewed the document line by line and discussed changes and comments added by the small group and those made by the EG group at the side meeting in Montreal (NAPPO 2016 annual meeting). Progress was slow because of the complexity of this system (multiple products and product systems) and the standard and the review could not be completed to its entirety.</p> <p>The Chairperson requested to schedule another conference call with a 3-4 hour duration.</p>

Next Steps

Responsible Person	Action	Date
NAPPO Secretariat	Send a copy of the document in Google Docs to Faith Campbell	ASAP
NAPPO Secretariat	Send calendar invitation for the next conference call	ASAP

Next Meeting

Location:	Conference call
Date:	December 13, 2016 from 1:00pm to 4:00pm EDT
Proposed Agenda Items	
1. Continue reviewing the document.
