NAPPO Conference Call/Meeting Report

Expert Group:	Implementation of ISPM 38 - Workshop	
Location:	Conference call	
Date:	December 11, 2018	
Chairperson:	Edward Podleckis, Co-Chair: Mario Puente	
Participants:		
Patricia McAllister (CIFA)	Richard Dunkle (US-Ind)	Marlene Ortíz (Mex Ind.)
Loretta Moysey (CFIA)	Mario Puente Raya (MX-Ind)	Nedelka Marín-Martínez (NAPPO)
Nancy Osterbauer (APHIS PPQ)	Dominique Pelletier (CFIA)	Stephanie Bloem (NAPPO)
Jaime Diaz López (SENASICA)	Patricia Abad (APHIS PPQ)	Alonso Suazo (NAPPO)
Claudio Feulner (Can-Ind)		
Summary		
Project:	ISPM 38 Implementation workshop	
Item 1:	Participation based on invitation to NPPOs?	
Consensus:	<p>Discussion about how many countries can be expected to express interest and have the monetary means to come.</p> <ul style="list-style-type: none"> - USDA has been working with its International Services staff on a proposal to get funding for international speakers. Confirmation has not been received yet. - Ed suggests extending an invitation to all 35 NPPOs, requesting a regulatory representative and an industry representative. Critical countries could resource speakers. - Rick suggested sending an invitation to the Caribbean RPPO CAHFSA for them to identify possible participants. - Better to contact RPPOs or NPPOs? – Concerned that with OIRSA, hybrid approach suggested by Stephanie: contact RPPOs except OIRSA where individual NPPOs will be contacted - Establish quotas/target number of participants for NPPOs? – send letters to RPPOs copying NPPO leaders indicating 1 seed regulator and 1 seed industry participant - Timeframe: Send invitations soon for speakers and participants – NAPPO secretariat would be ready to send them out next week if provided with names for specific speakers 	

	- Ines (SAA) should have a list of all seed associations	
Item 2:	Agenda and Potential Speakers	
Consensus:	<ul style="list-style-type: none"> - Opening sessions have a slot for IICA and the Costa Rican NPPO to give welcoming remarks - Overview of Seed industry worldwide + Americas - Ric to coordinate with ISF/SAA for the seed industry talk - Ines from SAA was reached out to by Claudio - Ed will give the talk on ISPM 38 overview - Stephanie to give the talk on principles of PRA? - SENASICA to present on Seeds as pathway for pests - Intended Use as a risk factor – Nathalie Fernandez, Bayer CropScience, Argentine Seed Industry, Chairman of SAA Phyto WG - ISF regulated pest database – Dennis Johnson - Seed PRA methods in NAPPO – Each NPPO to identify a speaker - PRA outside NAPPO – Chile, - Identifying emerging pest risk assessments – SENASICA to discuss internally - Responding to emerging pest risks – Samantha Thomas, Bayer CropScience 	
Next Steps		
Responsible Person	Action	Date
Secretariat	Drafting a draft invitation letter for group review. Letter is supposed to be shared with RPPOs and individual NPPOs of OIRSA	18.12.18
Nancy and SENASICA	To identify speakers to Alonso	
Ed	Get updated Agenda to the group	
All	Return suggestions of speakers for the second day	first week of January 2019
Next Meeting		
Location:	Conference call	
Date:	14.01.19	
Proposed Agenda Items		
1. Continue working on the workshop agenda
