Summary

Project:	Revision of RSPM 35 Arthropod pest tables for stone, pome fruit trees (SPFT) and grapevines.	
General comments:	Following welcome remarks, the NAPPO TD requested permission to record the video conference for report purposes and indicated that he will write the report. The recorded file will be deleted when the report is approved. EG members granted permission to record the videoconference.	
Item 1:	Revision of grapevine arthropod pest table.	
Consensus:	A table with the arthropod pest species (vectors) of grapevine with different pest status classifications all three NAPPO countries was provided to the EG to facilitate the review process. The status of each species in each country was discussed and changed based on updated information. The outcomes, action items, and notes from the discussions were added to the pest table file. A copy of the file was shared with the TD to amend the grapevine pest table of RSPM 35.
